Dear Ms. Wilson:

In response to your letter regarding the East Richmond Road Landfill site, I have enclosed a risk assessment prepared by our toxicologist. This risk assessment takes a very conservative approach in evaluating the potential health impacts for individuals that may come in contact with the hazardous substances present at the site.

It is our hope that this information will allow you to make a decision regarding the refinancing of the Hilltop North Apartments located adjacent to the site.

Should you have any questions or require further assistance, please contact Bonnie Guy at FTS 597-9023.

Sincerely,

Kenneth R. Kryszczun, Chief  
Site Investigation Section
